My name is ____ and I live in _____. I am a proud NJ [teacher/ESP] and I have consistently fulfilled my responsibilities to the taxpayers and children I serve. I'd like to thank you for all your hard work on the difficult task of balancing our state's budget. I ask that you fulfill your commitment to fund the pension system according to the 2011 Law. As you search for solutions to ensure the state satisfies its obligations regarding our deferred compensation, I ask that all changes to the existing benefits structure be rejected, and that you instead, recognize and establish an alternative means of funding.
